NORFOLK, VIRGINIA

CHAMBER OF COMMERCE—BOARD OF TRADE

NORFOLK, VIRGINIA, known with manufacturing and shipping interests as THE CENTRAL ATLANTIC PORT, is located midway on the Atlantic Seaboard, about 320 miles south of New York City, and approximately 175 miles south of Baltimore, built on the Elizabeth River at its entrance to Hampton Roads, the country's greatest harbor. The harbor of Norfolk has a shore frontage of about 50 miles; is about two hours running time to the Virginia Capes (Ocean Bar), and which port is the natural terminus of regularly established trade lines crossing the Atlantic Ocean, serving the ports in Europe, as well as coastwise trade.

CENSUS.

Norfolk population, as of May 15, 1919 (estimated)	165,500
Norfolk, Portsmouth and Norfolk County	324,612
Within territory eighteen miles	450,000
Metropolitan or shopping population	675,000

FINANCIAL.

(1918)

Norfolk and Portsmouth Banks:	
Capital	$ 5,852,452.00
Surplus and Profits	4,934,362.55
Deposits	56,435,874.83
Total Resources	81,122,323.23
Increase in Clearings over previous year	98,859,299.00

COMMERCE.

Port of Norfolk—Second only to Port of New York:	
Water-borne Commerce, 1918, tons	34,870,321
With a value of	$4,119,087,948
Norfolk District:	
Water-borne Commerce, 1916, tons	46,803,205
With a value of	$4,972,653,942

This Harbor Open for Commerce the Entire Year.

Some of the principal commodities moving for export, coastwise and inland, both outbound and inbound, through the port of Norfolk during 1918 being as follows:

Agricultural implements.	Grain.	Peanuts.
Agricultural products.	Hay.	Petroleum.
Beans.	Hides.	Pyrites.
Brick.	Lime.	Piling.
Coal.	Live stock.	Pig iron.
Cork.	Lumber and logs.	Railroad ties.
Canned goods.	Iron and steel.	Rosin.
Cement.	Molasses.	Salt.
Cotton products.	Meats.	Shells, oyster.
Cotton seed products.	Naval stores.	Sugar.
Dry goods.	Nitrates.	Tin.
Fertilizer.	Oil.	Tobacco.
Flour.	Packing house products.	Wood products.
Gold coin.		Zinc.

By reason of excellent shipping facilities at the port of Norfolk, the shipping industry has shown a very healthy growth. The three great coal-carrying roads terminating at the Port of Hampton Roads provide facilities now unequalled at any other coal port in the world for bunking and loading cargo coal. The port of Hampton Roads (Norfolk) is the most important coaling station on the Atlantic Coast, and in consequence thereof this harbor is visited by vessels of all types for cargo and bunker coal.

This harbor is always free from ice and dangerous currents; it never experiences tornadoes nor high winds and is a veritable refuge for all vessels in time of bad weather at sea. The fact that the harbor of Hampton Roads (Norfolk) is the most spacious on the Atlantic Coast; the least congested and the most accessible the year round to all foreign and domestic shippers are important factors in bringing this port to the very front in shipping circles. Miles and miles of undeveloped water front, on some of which are now being built massive piers to take care of the rapidly growing business, makes it safe to say that from now on, and for years to come, Norfolk can take care of the overflow commerce of other cities, at the same time building up a shipping industry which will make for itself a name second to none of any city on any harbor or navigable stream in the world.

INDUSTRIAL.

The approximate moneys invested in private manufacturing enterprises in this territory amount to $80,000,000.

Steam coal, mined in the New River and Pocahontas Coal fields immediately available to Norfolk, are higher in desirable qualities than any other mined in the country. The supply of this coal is abundant, and can be laid down at Norfolk at a freight rate advantageous to the consumer. These coal regions are on the rails of transportation lines running directly to Norfolk, assuring the consumer best possible delivery.

Electric power to large consumers can be had as low as six mills per KWH.

Gas and water are good and can be had at reasonable rates.

Labor, under normal conditions, is plentiful, both skilled and common.

Climate is equable here throughout the year—no extremes in winter or summer, and out-of-door work can be carried on throughout the year with little or no inconvenience. It is estimated that about 55,000 workers here earn upwards of $47,000,000 per annum.

Some of the principal industries are as follows:

Shipbuilding	Peanut Cleaning	Veneer Mills
Railroad Shops	Copper Smelting	Agricultural
Machine Shops	Creosoting	Sea Foods
Iron and Steel	Cotton Mills	Government Operation
Fertilizer	Cotton Compressing	Oil
Lumber	Cotton Tie and Bagging Manufacturing	Cargo and Bunker Coal
Silk Mills	Tobacco Manufacturing	
Steel Chain	Knitting Mills	

EDUCATION.

Sixty-three Public Schools (Pupils)	22,500
Value of School Property	$2,000,000
Night School Pupils	2,327

The public school system in this section is of the very best—modern training, being conducted in all branches, and buildings are of the most improved type.

MUNICIPAL.

Tax Rate, County, per hundred	$1.25
City, including County, per hundred	2 00
Paved Streets, miles	196
Unpaved Streets, miles	85½
Sewers, miles	108
Parks, acres	105
Playgrounds, acres	8
Public Libraries	3
Charitable Institutions	19

Fire Department, modern, motorized.

Police Department, modern.

The city has recently acquired about 300 acres of land along Bush Bluff with 2,400 feet frontage on the Port Warden Line—all for industrial and commercial purposes.

The city is prepared to lease land, or construct buildings and lease land and buildings to industries worth while.

The city of Norfolk has adopted the Commission Manager form of government.

TRANSPORTATION.

Trunk Line Railroads	8
Belt Line Railroad (Industrial)	1
Steamship Lines, coastwise and bay	17
Steamship Lines, foreign	10
Electric Railways, including interurban, miles of track	198

Freight rates are advantageous.

Norfolk is indeed enviably located, as regards transportation facilities. The great array of railroads, all connected by an industrial belt line, assure the shipper or receiver of freight, if he be located on the belt line, the flat Norfolk rates; in addition, the water lines and electric railways give the manufacturer or shipper service par excellent.

GEOGRAPHICAL.

"Central Atlantic Port," being midway on the Atlantic Seaboard, located on Hampton Roads, America's greatest harbor, in the center of the greatest truck garden section of the United States.

CLASS RATES IN CENTS.

The following comparative table of the fifth and sixth class freight rates, generally used by manufacturers and shippers in carload freight in the absence of specific commodity rates, clearly demonstrates the freight rate advantage at Norfolk. Rates in reverse direction are relatively the same. (Figures shown below are for all-rail movement.)

FROM	Norfolk, Va.		Baltimore, Md.		Philadelphia, Pa.		New York, N. Y.

St. Louis, Mo.	49½	41	49½	41	50½	42	52½	44

OTHER POINTS.

Rates from or to other points in the United States on and west of a line from Norfolk through Toledo and Detroit and the entire southern territory are as favorable—more so to and from the south and southwest—if not more advantageous, to Norfolk than to or from Baltimore, Philadelphia and New York; thus Norfolk can more than compete for business to or from such cities as:

Albuquerque.
Butte.
Colorado Springs.
Dallas.
Denver.
Kansas City
Los Angeles.
Minneapolis.
Omaha.
Portland.
Pueblo.
Salt Lake City.
San Antonio.
San Francisco.
Seattle.

HOT WATER HEATING MOST DESIRABLE

The Ideal Heat for Larger Homes

SEVEN LARGE OR EIGHT SMALL ROOMS KEPT AT UNIFORM TEMPERATURE WITH

New Ideal Arcola Radiator Boiler

FEATURES OF ARCOLA VALUE:

There are many features that are worthy of your close attention when considering the new heating system for your home. Especially when you consider the Arcola we ask you to think over the following:

1. Scientific in fuel conservation.
2. Compact, attractive and long lasting.
3. Vertical flues—are self-cleaning and assure efficient operation
4. Large fuel space—makes frequent coaling unnecessary.
5. Revolving grates—enables fire to be cleaned with ease.
6. Waterbacked base—may be set on wooden floor.
7. Nickel-plated trimmings and graceful lines—give heater neat appearance.
8. The spout-shaped fire door opening—enables fuel to be charged without spilling.
9. Mica door—reflecting the burning coal, which adds to cheerfulness of room.
10. Sliding draft door—enables perfect regulation of fire.
11. Extensive exterior heating surface—supplying heat for room in which Arcola stands
12. Deep, snug-fitting ash pan—insures cleanliness
13. Large clearance between base and floor—facilitates cleaning under Arcola.
14. Legs are cast solid—cannot be kicked out as with stove, therefore prevents risk of injury or fire.

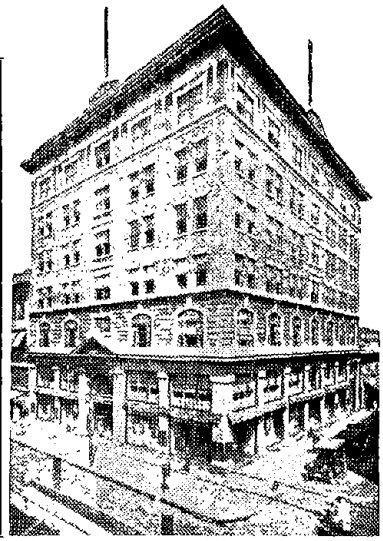
SMITH & WELTON

NORFOLK'S GREATEST FASHION CENTRE

"Live and Let Live" is Our Motto

It means the selling of the best Merchandise at the lowest possible prices, and it has won for us a most enviable position in the business world and in the hearts of the buying public of this community. It has brought us from a very modest one floor space on Main street to this big six-story modern fire-proof building shown below, 300 to 306 Granby street, at the corner of Market street.

To visit the various departments of this big new store is like turning the pages of a gigantic fashion book, for the new things are shown here as soon as they are evolved.



"Exclusiveness"

is an important feature here. In the unsurpassed collections of the newest of the new things shown you will always find many exclusive things and styles—such as you will not be able to find elsewhere.

THE STORE THAT CATERS TO THE WANTS OF WOMEN FOR EVERY DAY IN THE YEAR WITH

The Newest of the New Fashions

Special attention is directed to the wonderful displays of Millinery and Ready-to-Wear Garments, Suits, Coats, Dresses, Waists, Lingerie and Corsets. Art Needle Work, Infants Wear and Rich Silks, Dress Goods, Dress Trimmings, Laces, Wash Goods, Linens, Gloves, Ribbons, Handkerchiefs, Hosiery, Underwear, Neckwear, Home Furnishings, etc.

NEUROLOGY

The Evils of the Eye Strain Conquered

Nervous energy or vitality operates the human machine just as steam or electricity operates the mechanical machine; any excessive demand upon this vital energy or disturbance of its regular flow is certain to show as a functional derangement of some of the organs. We point to the fact that the human eye consumes ten per cent. of all the power generated in the brain, that is the eyes are entitled to that much by Nature's assignment, but when they are defective they will involuntarily get the upper hand of the rest of the nervous system and use up more nerve energy than they are entitled to, sometimes as much as seventy-five per cent. of all that is generated in their effort to overcome their defects and maintain vision. *This constitutes eye-strain.* With these facts in view it is easy to see that if the eyes consume an amount of the body's supply of nerve force in excess to their natural share some other organ must suffer because the eyes have thus become a leak on the system and have so exhausted the supply of vitality that no organ can perform its functions perfectly, purely from lack of the necessary power to operate it. Then some doctors will find symptoms of deranged functions and treat the symptoms. We proceed to find the cause and remove it and the symptoms will disappear of themselves. There is nothing mysterious about this. No theory is worthy of confidence until it has been practically demonstrated. *More than twenty-seven thousand successful cases,* hundreds of which had tried other methods as practiced by the most eminent specialists, is about the best demonstration of the superior merits of Neurology that could be given.

Consultation of a general nature is always free.

Nobody approaches what we do for the money.

We are always busy, so to avoid waiting, call phone "Norfolk 2599" and make an appointment.

DR. JOHN W. BUCHANAN

NEUROLOGIST

A Few Things You Can Find in the

CITY DIRECTORY

CLASSIFIED ADVERTISING DEPARTMENT with the advertisements of progressive firms doing a leading business.

NAMES OF MALE RESIDENTS of the city over 17 years of age with their occupation. WOMEN carrying on business.

CLASSIFIED BUSINESS DIRECTORY of all persons or firms doing business under their proper headings.

LIST OF CITY OFFICERS

Churches	**Householders Directory**	**Public Buildings, Halls, etc.**
Clubs	**Libraries**	**Schools**
County Officers	**Notaries Public**	**State Government**
Fire Department	**Physicians**	**Street Directory**
Fraternal Organizations	**Police Department**	**United States Government**
Hospitals	**Post Office Department**	

There is little that is confined within the limits of your city, that has a name and location, that cannot be found in your directory.

It is the contents of your city between the covers of a book.
Can you intelligently be without it?
Consult the contents page—it's a revelation.

HILL DIRECTORY CO., Inc.

Home Office, 823 Mutual Building **RICHMOND, VA.**

Hill's Southern Almanac

1920

(*Published in December*, 1919)

Covering Virginia and North Carolina with unrivaled weather predictions for over thirty years.

Sold in quantity lots for distribution to your trade—chiefly to the farmer, interesting his whole family. 135,000 circulation.

Do you cater to the country people? No better medium known. Rates gladly furnished.
